Response to Intervention: Resources for Educators | Edutopia

RTI or response to intervention is the practice of providing instruction/intervention that matches the student's need. The process can be seen as a three-tiered model of prevention for all students within a school. Each tier represents the instructional level of students at the school or in a classroom.

Implementing Response to Intervention in Your Classroom ...

Abstract. Despite the successful implementation of the Response to Intervention (RTI) framework in many elementary schools, there is little evidence of successful implementation in high school settings. Several themes emerged from the interviews of nine secondary principals, including a lack of knowledge and training for successful implementation, the ability to identify specific interventions in each tier but recognized the lack of a tiered intervention process, and the identification of ...
