## **The Springs Series by Elena Aitken - Goodreads**

The Seasons of life don't necessarily cycle from Summer to Autumn to Winter to Spring, and then back to Summer once again. They can transition any-which-way depending on the emotional choices and decisions we make on a daily basis. In the end, life is about transition, about change and most importantly about transformation.

## **How to Successfully Transition Through the Seasons of Change**

Conversely, when Earth is farthest from the Sun, it travels more slowly, resulting in a longer spring and summer. (The opposite is true in the Southern Hemisphere.) In other words, it takes Earth less time to go from the autumnal equinox to the vernal equinox than it does to go from the vernal equinox to the autumnal equinox.

## **When Do the Seasons Start in 2020? | Fall Equinox, Winter ...**

Summer begins on the summer solstice; Fall (autumn) begins on the fall equinox; and; Winter begins on the winter solstice. The beginning of each season marks the end of the last. Because the timings of the equinoxes and solstices change each year, the length of astronomical seasons within a year and between years also vary.

## **Season Definition: When Do They Start?**

In any given transition, you move from Summer - a time when all is going well in your life - through Fall, Winter, Spring up to a new level of Summer. Most of us have grown up believing that to be successful, we must remain in Summer at all times. But then, any change that takes us off our line of success is a threat to be avoided at all costs.
