LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The city of Athens, Greece, with its famous Acropolis, has come to symbolize the whole of the country in the popular imagination, and not without cause. Athens began as a small, Mycenaean community and grew to become a city that, at its height, epitomized the best of Greek virtues and enjoyed such prestige that the Spartans refused to sack the city or enslave the citizens, even after Athens ...
